

WCES STEM Night 2018:

Progression of “Idea” to viable project ideas:

- See idea of “activity”

- Watch another video of more complex “rocket design” to help with idea development
 - <https://www.youtube.com/watch?v=Bx91Qf5C8Nc>
- Take that rocket design idea and convert it to either an investigation or engineering project – see power points (one for each project type)
