Wesley Chapel Elementary School is looking for local area businesses to support our continuously growing area. Wesley Chapel Elementary strives to maintain a warm and nurturing environment. We strive to make every student, parent, and faculty feel important and appreciated. The Wesley Chapel Elementary School PTA provides many events throughout the year that support and encourage the family values we strive to instill in our children: caring, kindness, and good citizenship.

Through business support and collaboration with our PTA, local business partnerships can assist us in our goal toward excellence. This year we plan on hosting a Movie Night free to our families, a Bingo Night, School Spirit Nights, a Boosterthon Fun Run. In addition, we hope to provide needed classroom supplies, books, and sponsor field trips, guest speakers, and special activities that will benefit all our children. We are also excited to purchase some of the newest technology to aid in our students' academic growth and achievement.

What is a business sponsor/partner?

School/Business Partnerships are designed to encourage a cooperative relationship between a school and a business or organization. A partnership is an ongoing, dynamic relationship that must be mutually beneficial for the school and the business. Partners commit to the concept of a business and a school working together. Creativity and imagination can lead to very successful and mutually-beneficial partnerships.

How can you help us achieve our goals?

It's simple! Being a business partner with Wesley Chapel Elementary School provides you an opportunity to market your business while helping our school continue to be the BEST!
